America's Future at Stake

Get Sales Tax On May Business

City sales tax collections for June netted Illinois municipalities \$4,062,907. The state's bite on this for collecting and distributing the money to the cities and villages was \$259,334, or six per cent of the gross of \$4,322,242.

The June collections represent the half-cent city sales tax on business transactions during May in 926 municipalities.

Currently the number assessing the tax has grown to 965 cities and villages.

The mounts distributed to the municipalities in this area in June were:

Tinley Park, \$2,048; New Lenox, \$1,172; Frankfort, \$734; Mokena, \$683; Orland Park, \$631; Manhattan, \$501; Markham, \$920; Midlothian, \$2,470; Oak Lawn, \$10,015; Lemont, \$2,027; Lockport, \$2,935; Harvey, \$16,354; Hazel Crest, \$650; Park Forest, \$9,243; Evergreen Park, \$16,152; Blue Island, \$13,173; Chicago Heights, \$21,161; and Joliet \$48,451.

The tax yielded a tidy sum for Chicago, \$1,869,686, for business in May.

Country Town Fair On Convent Campus Sunday, Sept. 8

A Country Town Fair, to be held on the campus of Our Lady of Sorrows convent, 147th st., two blocks west of Central av., Tinley Park, on Sunday, Sept. 8, from 10 a.m. until dark will aid the realization of a dream of the nuns.

Their dream is a girls academy, high school and college for the area.

The Fair is open to the public and admission is free.

University of Illinois corn breeders are testing 45 different crosses from 10 selected inbred lines this summer for their resistance to corn borer attack.

Frankfort Firemen Will Hold Picnic And Dance Sunday

The Frankfort fire department is holding its annual dance and picnic Sunday, August 25, at Frankfort Grove on U. S. 45, about a mile and a quarter north of U. S. 30.

The picnic is to begin at 6 p.m., the dancing at 9 o'clock and a special orchestra has been employed for the affair.

Special prizes are to be awarded, including a portable TV set, a window fan, an electric frying pan and cover, a steam iron and a special battery flashlight.

The affair is open to the public. Proceeds will be used in the maintenance of the department and the purchase of supplies.

Hold Funeral for Mrs. Lena Swanson At St. Peter's Church

Last rites for Mrs. Lena Swanson, 85, of Frankfort were held Saturday in St. Peter's Evangelical church, with the Rev. Erich Bizer officiating.

Born in Green Garden, the daughter of the late Mr. and Mrs. Ferdinand Kramer, she lived at Chicago during her married life, and later with a sister at Joliet. For the past eight years she lived with Annie Scheer in Frankfort. Her husband, Oscar, died many years ago, and her sister, Mrs. McHugh also preceded her in death. She died in Silver Cross hospital Aug. 15 following a two-week illness.

She is survived by four nieces, Mrs. Stanley Smith, Wilmington; Mrs. Leonard Flint, Jr., Seal Beach, Calif.; Mrs. Duncan Webb, Miami, Fla., and Mrs. Joseph Hajostek, Chicago, also three nephews, Daniel McHugh, Chicago; William McHugh, Elmhurst and Earl Galloway.

Burial was in the Frankfort cemetery.

The Semmler Press Celebrates 4 Decades Of Service To Area

By MARGARET M. SEMMLER

Forty Years Ago! Looking back now, seems a long time, but 40 years ago, if we had time then to look forward 40 years, might not than seemed so long. Youth has a way in not realizing time and its resulting variations. But alas, many times during these 40 years, have I said, "If I knew then what I know today, we never would have started in the newspaper work". But guess most anyone can say the same thing, when the going gets rough, and many were the years that it was rough. Yet roughness in that sense, is not without reward, if dollar and cents are eliminated.

I guess one never arrives at a point where it can be said, there are no more hills to climb or rough trails, not until we answer the last assignment and take it to The Eternal Editor-In Chief and there stand before His Desk waiting to hear our rating. And that must be that! Too bad then if we have missed the point, as nothing can then be retraced or retracted. So be it.

There are in this area those who remember when my husband, William Semmler, started the paper (John Baumgartner of Frankfort was one of the very first subscribers, and he is still a subscriber, of which we are proud.) I would like to have others, who are still living, who has been a constant subscriber from the very beginning of the News-Bulletin, which was the paper which circulated thru all these towns and villages in our area in the beginning, call or drop me a line so I can learn how many there are in this class.

We started our shop on a shoe string—a borrowed \$75 'shoe-string'—in a room in our first home in Mokena which we built in 1914 when we were married. I might add that the room was a bit crowded. Will was town clerk and Mokena village clerk, and he had the books and records there in addition to a small press and printing supplies.

In one sense, it was easier in those days to start something without too much knowledge. We weren't flooded then in a set of schooling and experts.

Will was a good writer. For nearly 10 years previous to starting our own shop he was the correspondent for the Joliet News for the same communities in which the Semmler newspapers now circulate.

For two years he also worked out of the Joliet office of the Joliet News, as staff reporter covering many city beats. He also took the news several times a days as it came over the wire. It is not handled like that today.

Area Without a Paper

But after we were married six months, the News was consolidated with the Joliet Herald, now the Joliet Herald-News, and most of the employees of the News were without work. Mr. Semmler worked then for the Herald-News covering the same towns and villages as do our papers today. The Wednesday edition of the News was the weekly paper which rural residents subscribed to for \$1 a year. All the news from the rural areas (Continued to page 2)

Lincoln-Way High Will Begin Fall Term at 8:20 a.m. Sept. 3

The school year at Lincoln-Way high will begin Sept. 3 at 8:20 for all students. When students arrive at the high school they should check the bulletin board for assignments to guidance groups.

The students will go directly to their respective guidance groups for special instructions for the day. Individual schedule cards will be passed out at that time. Due to the increased enrollment this year, practically no changes in schedules will be possible.

The school fees will be paid on the first day in guidance groups. Fees for the school year 1957-58 will be as follows:

Textbook rental	\$7.00
Student accident insurance (optional)	1.50
Lock and locker rental (hall and gym)	1.00
Towel laundry	2.50
Student activity ticket (includes assembly programs and school newspaper)	1.00
Total	\$13.00

The hot lunch program will continue this year with meals at 35c per day. Lunch tickets will be sold on Wednesday, Sept. 4, in the 1st period class. Thereafter, they will be sold each Monday during the first period.

Mokena Man Heads Electronics Group Housing Committee

Eric G. Book, 168 Third St., Mokena, has been named chair man of the housing committee of the 13th annual National Electronics Conference to be held at the Hotel Sherman in Chicago on Oct. 7-9. Book is associated with the Andrew Corp. of Chicago and Orland Park.

The National Electronics conference is the nation's leading forum on electronic research, development and application.

More than 10,000 persons—mostly scientists, engineers, educators, manufacturers, government officials, and students—are expected to attend the three day technical meeting and exhibit at the Hotel Sherman.

The conference is sponsored annually by Illinois Institute of Technology, American Institute of Electrical Engineers, Institute of Radio Engineers, and Northwestern and Illinois universities, in cooperation with Notre Dame, Purdue, Michigan and Wisconsin universities, Radio Electronics Television manufacturers Association, and Society of Motion Picture and Television Engineers.

MOKENA SCHOOLS

Mokena public school will open for the 1957-58 school term Tuesday, Sept. 3 according to Principal Elizabeth Cappel.

All children entering the first and fifth grades must have their physical examination.

Turns Calendar Back 40 Years

Glenn F. Logan

When The Semmler Press came into being in 1917 the United States was at war on the side of the Western Powers against the might of the Central Powers headed by the then German Empire.

Since then America has taken part in World War II and the Korean War, passed thru prohibition and a major depression, and is still engaged in a cold war launched by the Red Power of Moscow in its endeavor to gain control of the world.

The past 40 years have been hectic ones and most eventful, spanning two eras, from the beginning of the gasoline age to that of electronics and nuclear power.

The past 40 years have seen many changes, the greatest perhaps being the tempo of our lives. Machines and a change in working conditions have brought more leisure time but we are in too much of a hurry to enjoy it.

Forty years ago—in August, 1917, the White Sox were on top in the American League by a comfortable margin and the New York Giants led the National. —The New York Americans were (Continued to page 16)

Mokena Fire Dept. Buys Chassis For New Tank Truck

The Mokena Community Fire Department has purchased a truck chassis for a new tank truck which it is to add to its equipment.

Order for the chassis was placed with the Swanberg Farm and Auto Service Co., whose bid of \$2,448.95 was the lowest of several submitted.

The chassis is a Chevrolet and of course comes with a cab.

A tank of approximately 1,000 gallons capacity is to be mounted on the chassis and later a pump, expected to have a 750 gallon capacity, will be mounted at the front of the rig. When completed the truck can be used in fighting fires as well as serve as a reserve supply.

The primary aim for the rig is to provide a reserve supply for other apparatus in service at a fire, it was explained by James Marti, president of the department.

There are numerous instances in which a home is destroyed because the water supply has been exhausted. It is believed that the tank truck will meet this need.

"IF MAN IS STUPID ENOUGH . . ."

Editor John Fischer of Harp-
er's Magazine is not beguiled by
that curious philosophy of life
which deifies the "Common
Man." Writing in his "Editor's
Easy Chair" column, he says:
"Our whole way of life is now
based on the theory that only
the mediocre and ineffectual
deserve to be especially cherish-
ed by society. . . ."

"So if a man is stupid, lazy
and feckless enough, there is
nothing our society won't do for
him—particularly if he comes
from a long line of stupid, lazy,
and feckless ancestors. When he
has a job, the union sees to it
that he is never fired for any-
thing short of the most outrag-
eous sloppiness and shirking.
When he doesn't, a relief check
is always waiting. If he absent-
mindedly begets more children
than he can support, the state
takes care of them. For good
measure, we ply him with sub-
sidized housing, free medical
care, and the tender ministrations
of social workers; and we
entertain him lavishly with free
television programs carefully
tailored to his sluggish wits."

"His children become the dar-
lings of the public schools,
which are primarily designed to
keep mediocre youngsters (and
their parents) happy. Here lit-
tle Willie Jukes is taught 'life
adjustment', including how to
dance, play the clarinet, and
drive a hot-rod—but rarely does
any teacher insist that he learn
to read and spell properly, be-
cause the effort might bruise
his fragile soul."

Mr. Fischer will make many
people angry. And the reason
he will make them angry is a
sad and ominous one—that
what he says is so largely and
increasingly true.

GRASS ROOTS OPINION

Jefferson, Ga., Herald: "Time
was when everyone looked for
a pay raise to buy something
extra—now a pay raise is to
pay for rising prices of every-
thing else."

Oklahoma City, Okla., Beacon:
"With the free handouts grow-
ing year by year, millions of
people see no need to work for
a living when they can ride on
the backs of the taxpayers who
do work."

Miller, S. D. Press: "... aren't
you glad you live in an age of
push buttons, packaged mixes,
and paper plates? Wonder what
Mrs. Navajo told her warrior
when he came home and want-
ed to know why in heck dinner
wasn't ready. Probably she told
him if he would get her one
of those new-fangled corn grind-
ers like that snooty Laughing
Water down the street had, she
wouldn't have to spend a whole
day bent over a hot grindstone,
and anyway, what was he doing
at home so early?"

Bartow, Fla., Democrat: "Read-
ing is not a completely univer-
sal habit, but fortunately for
those who publish and edit
newspapers the habit is so gen-
eral that there are few homes
today where one or more mem-
bers of each family do not find
it a pleasant and informative
habit to keep up with what is
going on in their home com-
munity and in the nation and
the world at large through the
simple process of reading their
newspapers."

Bever Falls, Pa., News-Trib-
une: "How many of our fore-
fathers who fled from old world
tyrannies anticipated the day
would come in this land of lib-
erty when their sons would
have to pay tribute to a labor
union in order to hold a job?"

Cuero, Texas, Record: "The
regime of Joseph Kadar in Hun-
gary is now taking a step for-
ward in implementing the slo-
gan of Marx and Engels calling

on the workers of the world to
unite. The Kadar regime is forg-
ing ahead in uniting the work-
ers of Hungary in the grave by
shooting them down."

Discontinues Watch Service at Tinley

The watchman service given
Tinley Park merchants for the
past three years has been dis-
continued. The patrol to protect
business houses against prow-
lers has been furnished by the
Central Watch Service for the
past three years thru its repre-
sentative, Lester F. Rabenau.

Press of other business caus-
ed Mr. Rabenau to quit the
watchman service. The service
was discontinued last Thurs-
day.

In resigning Rabenau told his
clients that he had enjoyed serv-
ing them, and expressed his
appreciation for the full coop-
eration given him by the po-
lice department.

The Picture Of Health

By Robert A. Arens, M.D.

LIVING WITH DIABETES

Diabetes is troublesome, but not
too difficult to live with. Medical
science has not yet conquered dia-
betes, but has checked its effects
so that people now live long lives
with it, and travel and live where
they wish.

Diagnosis of the precise kind of
diabetes involved helps the doctor
determine treatment of the indi-
vidual case. If you have reported
undue thirst and frequent urina-
tion, or other symptoms, he will
surely want a sample of urine, and
of blood after you have fasted so
as to find your basic sugar level.
He may also want the radiologist
to make an x-ray examination of
the skull to see if an enlarged pi-
uitary is responsible for your dif-
ficulty.

The most common form of this
disorder is diabetes mellitus. Here
the pancreas does not produce
enough sugar-burning insulin, the
liver oversupplies insulinase (a
substance which destroys insulin),
the liver does not retain the prop-
er amount of sugar, or some other
factor is at work. Causes behind
this mechanism may include her-
edity. It takes two parents carry-
ing the diabetic gene to produce
a diabetic child; if only one of
the two is a carrier they may
produce only a carrier. Other
causes might be prolonged stress,
faulty diet, obesity, or some dif-
ficulty with the pancreas, such as
tumors, which destroy the insulin-
making cells.

If there is diabetes in your fam-
ily you should follow wise diet
principles. Do not overeat but eat
lots of protein, vegetables and
whole-grain cereals. Avoid fatty
or fluffy foods. These contain cal-
ories but usually lack the vita-
mins or minerals to help your
body handle them.

SEMMLER PRESS—

(Continued from page 1)
were in that edition. That was
a feature the Herald-News did
not continue and the rural peo-
ple did not subscribe to it at
that time.

Therefore, from that time un-
til the News-Bulletin was start-
ed this rural area was without
a paper by which they were able
to keep in touch with the where-
abouts of their friends, relatives,
and the news of the various
communities.

Henry Vogt, Tinley Park mer-
chant, and several other busi-
ness men there, missed this lack
of communication and urged Mr.
Semmler to start a local paper.
I will never forget nor did Will,
the progressiveness of Mr. Vogt,
in trying to get us to start the
paper in Tinley Park, by offer-
ing to get us a location and pay
the rent if necessary. But it
didn't work out that way, for
about that time, Mr. Semmler's
father died, and it was neces-
sary for him to stay near his
mother. Then it was that we
moved the job printing shop,
from our house into the shoe-
maker shop of his father, in
order to be with and help his
mother, and that anchored us
in Mokena.

Oh, those cold winter days,
with a small wood burning
stove in the center of the room.
Summer was not too bad, for
with the large trees overlapping
the building, natural air con-
ditioning was supplied.

For the first few issues the
printing was done at Blue Is-
land in a shop where we had

CHAMPION HOME GARDNER—is Jack Gilbert, 16, of Glen-
wood, who carried off top honors at the South Cook County 4-H
fair for his produce. Just look at the samples there on the table—
the stuff looks good enough to eat, even if you are not hungry.

bought a Diamond printing
press. But until we could add
to the Mokena property to house
the press, we left it at Blue Is-
land. We set and made up the
news and ads in the shop at
Mokena, packed the type in a
suitcase and Will, assisted by
a young boy, Clinton Kraus, of
Mokena, carried it to Blue Is-
land. There the first issue rolled
off the press.

Beginning Struggle

We were proud of that edition
and still are. It carried news
from each village including
Matteson where we circulated
until a man there wanted to
start a paper. I can't recall his
name now, but he was assisted
by Dr. Hercules in the planning.
We withdrew from that area
and helped him get started and
helped during the time of his
publishing, until his death.

After moving the press from
Blue Island to Mokena, we car-
ried on the entire operation
there. Oh, the grief of that old
press—but it did get us started.
And the joy when we were able
to purchase another press, a
Lee, which incidentally we have
just sold to another nearby pa-
per, starting on its own. May
it serve them as well as it did
us.

After the death of Will's moth-
er, gradually the rooms of the
home were taken over by the
shop, giving us much needed
room.

Our first typesetting machine
was a Linograph—we lost \$800
on that at a time when we
could ill afford to lose it. It never
worked right—we found out
later that a large main spring
had been left out when it was
installed, and we had to forfeit
what we had paid in, in order
to get the seller to take it back.
Then for a year or so we had to
go back to hand setting, until
the day arrived when he had
a No. 5 model of a Linotype in-
stalled in our shop. We still
have this machine and use it
every day. It has paid for itself
over and over again.

Our first job press, was run
by foot power, and marvelous
was the day when we were able
to have a motor installed. Later
another job press, larger, was
bought. Of course there were
countless other pieces of equip-
ment bought, type, stones, cut-
ters, saws, caster, wood burning
heater changed to an Arcola hot
water heater, and many, many
other equipment, just as it is in
any growing business.

Well, years have a way of
moving on, as we all find out,
and then came the years of
1943 or so, when Will's health
was not too good and the great-

est decision faced me and my
family after his death in 1946.
Should we continue, can we con-
tinue? Our many friends said
yes, you can. So we tried. Don't
know yet if it was right or
wrong, but here we are trying
anyway, in this new era . . .
Chicago moving out . . . rising
prices . . . shortage of paper . . .
and all the rest that has affect-
ed each and everyone.

Close-knit Family Helps

But, for us, I want to state,
that none of this could possibly
have been done without my
daughters, Adeline and Ada,
pitching in and helping to do
what ever task needed to be
done, sacrificing many times
plans, pleasures and ideas, to
carry on the business started by
their father.

And for the faithful, reliable,
selfdenying, practical help of
my son-in-law, Raymond West-
lund and the last few years of
the willing, efficient and timely
help of my other son-in-law,
Marvin Smith, who with his
wife, my daughter Adeline, re-
turned home and gladly put
their shoulders to the wheel. I
am very proud and grateful to
all and know some day they
will receive a just reward,
knowing they have done their
best.

I wonder if Ray remembers
the time, midnight, when we
were printing the paper and the
forms fell off the press and we
had to pick up the pie, and
what pie, printer's pie, it was,
and slug by slug, gather all to-
gether again in proper sequence.
We all pitched in, Adeline, Ada,
Ray and I, and also my sister
Mrs. Clida Deadmore, and by
3 a.m. we were ready to roll
again.

And I must not forget to say
a few words about my sister.
She it was who came to assist
us, learning the trade, and work-
ing most days of every week.
Some times coming from her
home in Joliet and later when
she and her husband, Hugh,
moved to Mokena. Those were
the times when help was hard
to get and when we also were
not able to pay much of a wage.
And now, in her 72nd year, she
still is on the job helping.

But I am not forgetful of the
invaluable help of each and
every member of our staff, for
their faithfulness and efficiency,
without which we could not
function. Together we are thus
able to publish the papers, and
furnish job printing. Our furth-
er aim is, to keep improving the
paper and TO GET AWAY FROM
MIDNIGHT and after hours on
publication night.

I am thankful for the recog-

nition afforded us by people
who know, newsmen and other
publishers, who compliment us
on good headlines, make-up,
proper coverage and the many
things that go into making a
good paper, all of which is an
art in itself and which every-
one cannot do. I cannot find the
right words with which to ex-
press my gratitude.

In citing our forward steps,
it was a forward step when a
fairly large addition was added
to the shop on the east and we
got another linotype, a model
14, and a No. 1 Miehle press,
which printed four pages at a
time. But within three more
years, it was found that was
inadequate, and we built on a
still larger addition, on the
north, sold the Miehle press and
bought a Duplex press on which
we can print eight standard
size pages at one time coming
off cut and folded or 16 pages
of the tabloid size which we
now publish.

It was then I said: "This is
the last time I am ever going
to build", for it is quite a chore.

Still Growing

But here we are again, build-
ing on at the west, something
in which to store rolls of news-
print and release the valuable
floor space. We are so crowded,
we are in each other's way, and
now we are attempting to re-
design our floor space. The Mer-
genthaler Linotype company
has studied our shop and pre-
sented to us a wonderful floor
plan and if money and health
hold out, that is our next step.

Last April it became neces-
sary to purchase a planer and
router machine and an electronic
engraver, called the Klišcho-
graph. It is a machine that is
made in Germany, and I think
by now our readers can testify
by the pictures appearing in
our papers each week, that it
does a good job. It is an ex-
pensive machine, but so are
pictures that must be sent to
out of town engravers, and this
gives us the additional advan-
tage, by being able to publish
the picture of something news-
worthy that occurs in our area
right up to press time.

Another addition in equip-
ment and service, is a photo
developing room, that since Mar-
vin Smith has become proficient
in using a speed Graphic cam-
era, has come into being.

In May, this year, a circula-
tion campaign was conducted
in Tinley Park in cooperation
with the Tinley Park Lions club.
We are happy to say that 334
subscribers in Tinley Park,
were added to our constantly
growing list. The Lions club
was given a good share of that
subscription money, thus mak-
ing the campaign of mutual
benefit; we were helped, and
the Lions were able to add to
their treasury a goodly sum,
and we hope the new subscrib-
ers were helped, by having their
home town paper come to them
via mail carrier each week and
having good reading material
and well written.

As this building in which our
plant is located is 106 years
old, it is nearly all now envelop-
ed by the additions, a natural
sequence the new is now over-
taking the old, with better and
improved ideas. Who will care
to predict what changes will be
here 40 years hence.

Deeply Grateful

I am deeply grateful to each
member of our newspaper fam-
ily, past and present, for their
contribution, be it large or
small, that goes into making
the complete paper; for their
loyalty and untiring efforts.
Without them we could not pro-
duce the papers. We are always
studying to see how we can im-
prove, so as this area of com-
munities can justly say, "We
have a good home town news-
paper."

And last but not least, I feel
most humble, and am without
words to express myself, for all
the wonderful congratulations
and good wishes extended to us,
as published in this week's is-
sue. It came as a big surprise
to us, for we had not thought of
such a thing. My family and
all our staff join me in this ex-
pression of gratefulness.

But as deeply appreciative as
we are, to all these, mostly the
praise must go to our Unseen
Partner and Helper who is
standing by us all the time and
without whom we could do
nothing. Thank you all, and may
God richly bless each and
every one and give you wisdom
to direct your paths daily.

THE SOCIAL WHIRL

Weddings, Engagements, Clubs, Women's Activities

Zion Lutheran Ladies Aid Holds Annual Picnic

The annual Zion Lutheran Ladies Aid picnic was a complete success, according to the 31 children and their mothers who attended.

The Ladies Aid sponsors the ZIP club in September and plans are in the making for a trip to the Hawthorn-Mellody Farm in Libertyville.

A bake sale will be held Friday, Sept. 27 at Vogt's Store. The Mesdames Dorothy Keuch and Pauline Taylor will be in charge.

The Sewing Circle's next meeting will be Wednesday, Sept. 11, at the home of Mrs. Dorothy Keuch.

With the passing of Mrs. Mamie Keuch, the Ladies Aid lost one of its most faithful workers.

Entertainment for the afternoon at the picnic was provided by Mesdames Norma Hayes, Alice Propp, Dorothy Gungal, Lois Freitag, and Loretta Anderson. The refreshment committee at the picnic consisted of Mesdames Dorothy Keuch, Mabel Manzke, M. Philippo and H. Sehnert.

Dew Drop Camp Holds Social and Business Meeting

Dew Drop Camp, No. 2023, PNA held a combined social and business meeting Tuesday evening, August 13 at the American Legion Hall.

Kay Lennon was voted into the group as a new member. Oracle Lottie Rasmussen welcomed Mrs. Blanche Kaufman of McHenry, Illinois.

The semi-annual report was given by Helen Osberg, special auditor. The Harvey camp extended an invitation for members to attend their guest night on Friday, Sept. 20.

An initiation practice will be held on Tuesday evening, Aug. 27, at 7:30 in the American Legion Hall which all officers are urged to attend.

Mrs. Dell Waldron won the award of the evening. Refreshments were served by the hostesses of the evening, Mesdames Creta Keuch, Violet Hultsch and Gertrude Jacobs. Games and prizes completed the evening.

Glenn Reiter, Mrs. Nettie Reiter and Edward all of Homer township; Mr. and Mrs. Donald Carroll and family and Mrs. Donald Lorenz of Frankfort; Mr. and Mrs. James Frazer and Mrs. Edna Lauffer of Marley; Mr. and Mrs. Wilbur Francis and Sandra of Manhattan; Miss Barbara McCure of New Lenox; and Mrs. Lilah Kruspe of Orland Park.

Other attending were from Joliet, Chicago, Lockport, Blue Island, Minooka, Lansing, Niles, Michigan and Ft. Atkinson, Wis.

Rosemary Reilly, of Orland Park, Becomes Bride of Arthur Wiseman

Miss Rosemary Reilly, daughter of Mrs. Clara Reilly, of Orland Park, and Arthur Wiseman, son of Mrs. Bertha Wiseman, of Decatur, were united in marriage Saturday, Aug. 17, in St. Michael's Church, Orland Park. The Rev. Michael Broniec officiated.

The bride was given in marriage by her brother-in-law, Robert Miller.

She looked lovely in a ballerina length white flocked nylon gown. Her fingertip veil was capped with beaded pearls. She carried a colonial bouquet of white tube roses.

The bride's sister, Mrs. Robert Miller, was matron of honor. She wore a pink lace gown of ballerina length and carried a bouquet of pink carnations. Her head piece was of white leaves and rhinestones.

Louis Fizerio, nephew of the groom, served as best man.

Mrs. Robert J. Miskee played the processional and recessional on the organ and accompanied her sister, Mrs. B. H. Blair, when she sang "On This Day, O Beautiful Mother".

The bride's mother wore a summer print dress. The groom's mother wore a light blue silk dress. Both wore corsages of white carnations.

Following the ceremony, refreshments were served to guests in the home of the Robert Millers. Later, dinner was served to members of the immediate families and a few friends at Oak Hills Country club. Relatives from Decatur, Manhattan and Orland Park attended the wedding.

After a week's honeymoon trip, the young couple will reside at 143rd st., Orland Park.

Orland Home Bureau Unit Meets With Mrs. Nick Cacie

The Orland unit of the Cook County Home Bureau met in the home of Mrs. Nick Cacie, Alpine, Thursday evening.

The major lesson "Cooking for Company," was demonstrated by Mrs. Charles Bezdek and Mrs. John Lohmann, who cooked and served one of the planned menus.

Mrs. Cacie, secretary of the unit, who is moving to West Chicago, was extended best wishes for happiness in her new home. Mrs. Cacie who has been active in Home Bureau, will be missed. The new secretary is Mrs. William Horton.

Present were: Mrs. Oscar Mack, Mrs. Edward McCarthy, Mrs. Forest Miller, Mrs. Francis Beck, Mrs. Henry Andresen, Mrs. Ray Myrick, Mrs. Eric Enblom, Mrs. William Horton, Miss Lillian Mattsen and Mrs. Sigmund Bukowski.

Garden Club at Tinley Pays Visit to Michigan City

The Strongbow Turkey Farm and Inn was the first stop made by the Tinley Park Garden club on its outing of Aug. 15. There they enjoyed a turkey luncheon before visiting the International Friendship Gardens at Michigan City, Indiana.

These gardens are exactly what the name implies; seventeen foreign countries have planted gardens here as well as our own country in an effort to bring about a World Peace. There is a Lucerne Lake in these gardens in addition to a large Freedom Bell and an immense elm tree known as the Great Elm. Symphony concerts are given here during the summer.

Mrs. Paul Wilkens was the guest of Mrs. Elwood Klepper and Mrs. Walter Zawadzki had as her guests her daughter Diane and niece Marilyn Biernat of Chicago.

IN A TINLEY PARADE—of some years ago was this entry of the Tinley Park Garden club, a dog cart filled with daisies and drawn by bevy of young girls, now grown and presumably with families of their own. The occasion was the community celebration of the Fourth of July in 1929. The two women are Mrs. R. J. Hug (right) and (left) the late Mrs. William Funk. The picture was taken in the side yard of the Funk home on Oak Park ave.

Tells History of Tinley Garden Club; Established 30 Years Ago

By CLARA HUG

(Editor's Note: The following article deals with a brief history of the Tinley Park Garden Club as prepared by one of the charter members).

The late Mrs. Wallace B. Combs invited some ladies up to her gift shop, on the evening of August 24, 1927 and organized The Tinley Park Garden Club.

The late Mrs. William was our first president. The late Mrs. W. B. Combs was our first vice president. Mrs. Ina Schaumburg was secretary and treasurer. Plans were made for a flower show to be held in the Community hall, Saturday, Sept. 17, 1927. We had a very lovely show, and as I looked at my scrapbook we had wonderful publicity thru the kindness of the late William Semmler.

The outstanding accomplishment besides the flower show was to present the town of Tinley Park with a live Christmas tree to be planted in the town square.

This last undertaking was by the effort and quick action of Rudolph Hug who solicited contributions from some of the business men to the sum of \$100 which he presented as a surprise to the club on the eve of the flower show.

Dedicate Tree

He also donated a beautiful basket of flowers which was sold, netting \$25 for the club.

The tree was planted and dedicated Oct. 22, 1927 with a very fitting ceremony. Dec. 22 the tree was lighted and Mrs. John Swisher had a fine program. Santa Claus and his wife arrived with a gift for each child present. The tree was lighted every year thereafter.

Our membership grew and we were brave enough to enter exhibits at the second Illinois Garden Club flower show at the Sherman hotel March 24, 1928.

This was the start of our club, since then we have had eleven successful flower shows, we entered floats in four Tinley parades, had eight parties, some including our husbands.

Picnics were held in Boeyer's woods. In our time we have enjoyed twenty-one different trips, some quite far away, where we traveled in a bus for an all day's journey.

An Active Organization

We had two bake sales, a bazaar and one rummage sale. In our early days bouquets were sent to Chicago on the train, starting with lilac time. This has changed and we now deliver these and magazines to Oak Forest. Mr. and Mrs. John Swisher collected them. Mrs. Swisher carries on with the help of other club members.

In February we have our annual valentine gift exchange, the price was small at first, but

to keep up with the times it also had to grow.

In the last three years we gathered at Anderson's, Swisher's and Memhard's home before Christmas to make gifts for little children in hospitals.

Our best time comes in Dec. where we have gathered at Mrs. Swisher's home for the 16th Christmas party, with a complete attendance and exchange of gifts. Our president, Mrs. Memhard had one jolly Christmas party at her home. Another outstanding one was held in the old village hall. This was a Christmas Work Shop followed by a Tea in the afternoon. Mrs. Walter Eichelberg was the chairman.

The late Mrs. Hiding Anderson celebrated our 10th and 15th anniversaries at her home in banquet style. We sponsored out door Christmas contests with three prizes each time.

Lists Past President

Five Past Presidents' days have been celebrated in May with a luncheon and trip to a point of interest later. Our presidents have been as follows.

1927 Mrs. William Funk*
1929 Mrs. R. J. Hug
1931 Mrs. Clara Goessel, now Mrs. Studer
1933 Mrs. Jennie Klepper*
1935 Mrs. John Werth
1937 Mrs. Erick Mancke*
1939 Mrs. Harry Mager
1941 Mrs. Charles Nielsen
1943 Mrs. John Swisher
1945 Mrs. Edmund Moss
1947 Mrs. Hiding Anderson*
1949 Mrs. Frank Baldwin
1950 Mrs. Walter Eichelberg
1952 Mrs. Frank Baldwin
1953 Mrs. Florence Feil
1955 Mrs. Feil, now Mrs. Bob Memhard
1957 Mrs. Bob Memhard, is our present president.

*Deceased

Each one of our presidents had a successful term of two years and have received a lovely gift as their reward from the club.

Since our club was organized we have had nineteen departed members and each Decoration Day a geranium plant is placed on each of the graves.

This is my story of our Garden club and I hope we will continue for years to come to enjoy friendship and love of flowers.

"For we are nearer God's heart, In a garden—
Than any where else on earth!"

Little League Champions Of 1957

Tinley Park L. L. Wins Circuit Crown With a 16-4 Record

Final Team Standings			
	W	L	
Tinley Park	16	4	
Braves	11	8	
Cardinals	10	10	
Cubs	9	11	
Sox	8	12	

The Tinley Park Little League baseball team captured the crown in this first year of Tinley Park's official association with Little League. Next year the league expects to enter in official competition in National Little League.

The league championship was clinched two weeks ago when Howard Wille pitched a no-hit,

no-run game against the Cardinals.

Ronald Rodger and Michael Meakem have now participated in three championship wins, two with the Tri-County league in 1955 and 1956, and as team members of the Tinley Park league champions.

Team manager Francis Meakim and coach, John Williamson expressed not only delight with the team's standing, but also said they were proud to handle such a fine group of sportsmen.

The boys will be feted at the annual Father and Sons banquet to be held Sept. 21.

Bremen High Names Coaching Staff For Coming School Year

Of the 21 new teachers hired at Bremen Community High school, six have been assigned to duties on the athletic staff. They are Tom Wold, John Walsh, Ed Ness, William Jackson, Norbert Rosemeier, and Tom Zalewski. The latter two have had previous coaching experience.

For the first time Bremen will have a swimming coach when the new swimming pool is completed. Superintendent T. R. Birkhead announces the pool is expected to be ready by the second school semester, altho it is not expected the swimmers will participate in competition this season, it was stated.

Assigned to coaching duties is William Jackson, who was the 100 meter backstroke champion of the Atlantic Fleet while in service. He has previously coached at Hilliard, Fla.

Rosemeier will replace Dick Zuege as freshman basketball coach. He attended three colleges, Southern Illinois, LaCross State and Valparaiso, and has coached at Streater, Caldonia and Stanford, Ill.

Zuege will move up to assist Bill Brown, varsity coach, in place of Emil Lussow whose coaching duties will be confined to assisting head football coach, Larry Callan. Zalewski will replace Zuege in this sport.

Two of the newcomers will handle the baseball coaching, Wold as varsity coach and Ness as his assistant. Wold is a graduate of Morningside College in Sioux City, Iowa. Ness received his degree from Indiana State Teachers college in Terre Haute. The former head baseball coach, George Wollschlaeger, recently resigned to assume

a post at Santa Maria, Calif.

Assisting wrestling mentor under Art Suchomel, is Walsh, who attended Northwestern Illinois where he participated in football, track and boxing.

Bremen's athletic department is headed by John Diehl.

Wrestling Bout Features Sports Card At Festival

Jack Wilson, of Milwaukee, meets Jack Allen, of Chicago in a wrestling exhibition Saturday, Aug. 31, in Memorial Park, Tinley Park during the Fall Festival.

Allen, described as one of the leading heavyweights of the midwest, has been wrestling professionally for eight years. He is 26 years old and weighs 220 pounds. He started his amateur mat career when 14 years old and since then has been in the Merchant Marines, has traveled around the world three times and is now an old pro. For further trivia, his fan club has 350 female members. Jack's best hold is a giant swing and a reverse full nelson.

Wilson is 37 years old and a former football player. He had a tryout with the Green Bay Packers, but gave up the gridiron sport for wrestling. He is married and has five children. Jack's consistent string of victories has placed him in a high standing in the midwest heavyweight ranks.

Orland Women's Bowling Loop Will Roll at Lemont

The Orland Park Women's Bowling league, formerly bowling at the Tinley Lanes, has changed its location and time of bowling. This season the league will bowl at the Lemont Bowling Lanes, starting Tuesday, Sept. 3 at 8 o'clock. This league has successfully completed five years of bowling and is combined of sixty of the neighborhood women both house wives and career girls.

Their teams are sponsored by many of the local business organizations of the Orland Park area.

The regular pre-season meeting will be held at 7:30 p.m. at the Lutheran church school in Orland Park Thursday, August 22. Anyone desiring information may contact Mrs. Gertrude Gorky, FI 9-2876 or Mrs. Irene Hughes, FI 9-2981.

Due to a misunderstanding, it was reported in last week's paper that the Orland Park Women's league was being reorganized. The item should have stated that the Town and Country Women's Bowling league was newly organized. The Town and Country group will bowl at the Tinley Park lanes.

Willie Wilson Seeks First Big Win in Midgets

Willie Wilson, Bensonville speedster, is expected to make a serious bid for his first feature victory Saturday night in the midget auto races at Joliet Stadium.

Wilson has tuned his car to perfection and last week put it to the test. He wound up taking third place in the handicap race, an event for the fastest qualifying cars.

Meanwhile, defending track champion Bob Tattersall of Streater will have his car repaired and will be gunning for his second "triple" of the season—victories in his heat race, the handicap and the feature.

Tattersall turned the trick two weeks ago, and missed scoring two straight last week only because of engine trouble. After winning his heat race and the handicap, he was forced to slow down late in the 25 lap feature, waving Willie Wildhaber of Lexington, Ill., pass him to victory. Tattersall placed second.

Among the other drivers out for an initial feature win are Dominic Dellegrazie of Evanston, Ralph Stuber of Chicago, Johnny Riva of Morton Grove, Ken R. bright of Lyndon and Mike King of Evanston.

Time trials Saturday start at 7:30 p.m. and the first race at 8:30 p.m. There will be four heat races, a handicap, 15 lap semi-feature and 25 lap feature.

South Gate Kennel Club to Show Films at Meeting Tonight

Dr. Robert Lawrence, veterinarian of Homewood, will present a program of two films, "Friend of a Friend", and "Most Happy Dog", with commentary and questions, tonight, August 22, in the old Bloom high school, Chicago Heights at 8 o'clock. The program is offered as a part of the membership service of the South Gate Kennel club. Prizes will be awarded to each family attending and refreshments will be served.

The current obedience training class will be graduated Sept. 9. Art Jensen has been conducting the course which runs for 13 weeks. Registrations and information for the class starting September 16 may be obtained from Mrs. Emil Hornyak, Gottschalk ave., Homewood or by calling Homewood 2328.

Orland and Peotone Tied in Babe Ruth League Title Play

The Orland Park and Peotone Babe Ruth teams are tied for the Tri-County league championship with one game each and have one tilt left to decide the issue.

His deciding game will be played on a neutral diamond, the place and date to be announced later.

The league championship is determined by a playoff between the winner of the Northern division and the winner of the Southern division.

Orland sailed thru its opposition in the Northern division to capture the title for the first half of the season of play and then went on to repeat in the second half. If there are different half winners then they must play to determine who will represent the division in

the league play off.

Peotone steamed thru the Southern division and last Friday night, Aug. 16 kept its victory string going by nosing out Orland Park 4 to 3 in the first of the play off series.

That game was played at Peotone. On Sunday, Aug. 18, play moved to Orland Park and the host team won that encounter 6 to 3.

Now there is only one game left, the deciding one, Orland Park Manager Bill Zinn urges fans to watch for the date for the game to determine the championship of the Tri-County Babe Ruth league and turn out in huge numbers.

The team needs the support of everyone in the Northern division, Zinn pointed out.

Orland Police League Entry Wins Title—12 Triumphs, No Defeats

The Orland Park team in the Police league of south Cook county won the championship hands down this season, winding up unbeaten in 12 starts in league play.

Winning the league championship makes the Orland team eligible to enter the Cook county play-offs to be held at Chicago. The date for the Orland

team's game will be announced later.

The last game in league play took place last Sunday, Aug. 18 at Robbins. Orland Park gave the Robbins nine a 5 to 1 lacing.

The team now is looking forward to a crack at the county championship.

Set Quota For Deer Shooting In Illinois

Hunter quotas for the 33 Illinois counties open for deer hunting were announced today by Director Glen D. Palmer of the Department of Conservation.

While a total of 5,200 permits has been allocated to the seven northwestern counties open for hunting, early requests for permits indicate the demand will exceed the quota.

On the other hand, Director Palmer declared that only a small number of persons has applied for permits in the 15 west central counties where 3,900 permits are available.

In the southern bloc of 11 counties, 5,300 permits will be offered and it is expected there will be fairly heavy demand for them as the deadline for the drawing approaches.

These quotas are for shotgun hunting permits and do not affect the number of bow hunters in any way. Applicants should include the county of their choice, and a second choice on all requests for applications.

Drawings will be held after August 31 for counties where the demand for permits is in excess of the quota, and successful applicants will be notified by the Department permit office. Permits for both shotgun and bow and arrow hunting cost \$5.

Nazarene Softball Teams Wins 2 Tilts

Tuesday, August 13, the Tinley Park Nazarene softball team defeated Harvey 13 to 8, with Roy Fowler pitching. The winning streak still held on Thursday when they beat Argo 15 to 6.

The Nazarene Softball league of which Tinley Park Nazarene church is a member, is comprised of teams from churches in a section of the Chicago central district. Many local business houses and organizations donated funds with which to purchase suits for the Tinley team, an all concerned would like to express their sincere appreciation.

Dairy Goat From Homer Prize Winner At State Fair

A purebred Nubian goat owned by Mr. and Mrs. B. D. Osborn, Parker road, Homer township, and shown by their daughter, Judy, 17, at the Illinois state fair last week, was declared junior champion of the dairy goat division after having won the first place among the dry yearling does.

The junior champion is selected from among the first place winners in the dry yearling and kid class, (one to two years old and not yet milking.) The junior champion then competes with the senior champion for the grand championship. The senior champion is selected from the first place winners among the milking does and almost

Orland Park: Fieldbrook 9-0211

If you want to see an unusual large pumpkin, stop at Arts Truck Stop at Routes 6 and 7. This pumpkin was picked August 12th in the garden of Gilbert Schneider on 157th and Wolf Road. Seems rather early for pumpkins to be developed enough to pick. Mr. Schneider has been ill the past 8 months, so is able to enjoy putting around his yard and garden.

Mr. and Mrs. Foster Myrick and children, Mr. and Mrs. Arch Kay and Mrs. Gustie Hallinan motored to Capron, last Tuesday afternoon to visit Mrs. William Jacobson who formerly resided in Orland Park.

Mrs. Mike Chiappetti entertained relatives last Thursday at a luncheon honoring the first birthday of her daughter, Debra. Mrs. Lorraine Ballou and mother, Mrs. Gertrude Weber are home in Orland for a few weeks visiting their children and friends. They winter in Clearwater, Fla., where Mrs. Ballou operates a lunch counter and bait for fishermen.

Mr. and Mrs. Earl Reish, Jr., and daughters, Mr. and Mrs. Harry Rauch and Mr. and Mrs. Floyd Rauch and son spent a week fishing at Antioch.

The Reish family held their reunion Sunday at the forest preserve on 108th and 135th with 56 members present. They came from Orland Park Chicago, Detroit, Ohio and Decatur. Mr. and Mrs. Roy White of Detroit are staying a few days with the Edwin Lucas family.

Mrs. Joyce Uthe, son David and daughter Susan spent a week at Paddock lake in Salem.

Mr. and Mrs. Robert Town spent a week in Rochester, Minn. visiting his grandmother, Mrs. Ella Town who is celebrating her 90th birthday, Aug. 22. A party was held in her honor Sunday. Robert and wife also spent a few days at Devils lake in Lake Geneva.

Mr. and Mrs. John Rogers and daughters Nancy and Sue of Sacramento, Calif., who had been visiting relatives in Champagne since June 22, stopped in Orland Park Aug. 14 to visit friends. They called on the Howard Coopers, Mrs. Karl Ekberg and Mr. and Mrs. William Brown, before returning to California. Mr. Rogers will be recalled as superintendent of the Orland Park grade and high school about 10 years ago. The Rogers and the girls say 'Hello' to all their friends in Orland.

August 15th marked the 20th year since Orville Schmaedeke established his funeral home in Orland Park. Congratulations!

The Orland Hills Civic organization have planned to sponsor a benefit dance to be held Saturday evening, Oct. 26 at Southmoor Country club. The dance is part of a campaign to raise funds for a much needed youth and civic center for the Orland Hills area. The public is invited to attend. Leo Szufnarowski, Chuck McKinley, John Taylor and Frank Macander are in charge of ticket sale.

According to the magazine Changing Times, full-time students in public colleges paid about \$1,500 each for tuition, books and living expenses during the last school year, as against \$747 in 1939-40.

Lincoln-Way High Announces Bus Routes for Coming School Year

Most of the Lincoln-Way high school bus and time schedules will remain about the same as in the past, it has been announced by Supt. A. Hunter Chapman. One new 71 passenger school bus has been purchased in order to provide better service and to accommodate the additional enrollment. Last year, one bus had to make three round trips to New Lenox causing loss of time. In Mokena, one large bus has been sufficient to give service to the students living in town. This year, this same bus will be required to make two trips.

Some of the actual bus assignments will be made the first day of operation in order to even the loads and to comply with the capacities of the various buses.

Manhattan: Howard Hutchins, formerly Roy Pfeifer's, will start north of Manhattan on Route 52, south to blacktop 7A. It will service the area west of Manhattan and then stop at the postoffice and Ford garage.

Francis McGivern and Roland Cagwin's route, formerly Albert Ziegler's, will be practically the same as last year with the bus stopping in town at the grade school and at the Methodist church. Mr. McGivern will drive the morning run and Mr. Cagwin the evening trip. Mr. Cagwin was formerly the regular bus maintenance supervisor at the school and drove the New Lenox routes.

New Lenox: Mr. Ziegler will start his first pick up west on Francis at Green street. Stops will be made at Vine, Hennings store and at Wood and Cedar. Mr. Ziegler's second trip will start at the Oakview school, then to Marshall's store and the post office. This trip will be about twenty minutes later than last year.

Fred Weitendorf will make the same schedule on the south side as he had last spring.

Kenneth Kinney will start from his home on West Francis road and go west to Gougar road, and then north to Route 6. He will then come back to Francis road and keep the same route to Mokena that he had last year.

The students living in Lincolnwood will ride with Mr. Abraham and be picked up at the same stops.

Mokena: Joseph Kruzich will make two complete round trips this year to Mokena. His first trip will make stops at 193rd & Wolf rd., St. Mary's hall and at the Mokena grade school. The second trip will begin at about 7:55 on Front street, Conoco station, and one or two stops south of the railroad on Wolf road.

George Abraham will have about the same route in the Marley and rural areas as he had last year. The time schedule will also be the same.

Frankfort: Mr. Weitendorf will take all students living in town on his first trip, starting at 7:30. He will make stops at the same places. This is an earlier schedule than last year, but the students will return home considerably earlier.

Burnett Schram's rural schedule and the one for Lincoln Estates will remain the same except for a few minor changes.

Aug. 26. Lincoln Way's workshops have attracted considerable attention thruout the state. An article entitled "The Increasing Importance of the Workshop" appeared in the Illinois School Board Journal last spring which summarized the types of activities carried on and the values received.

The program for the workshop week this year includes special committee reports of standing committees during the past school year. The health and safety committee composed of Jonas Lashmet, Lincoln-Way's football coach, Miss Sprayberry, physical education instructor and Earl Dieken, curriculum director, will report on suggested improvements in the areas of health and safety instruction for next year. Also on the program is Dr. C. A. Michelman, chief of the state office of occupational information and guidance. Dr. Michelman will meet with the staff for an entire day discussing with them the guidance program at the school and will serve as a consultant to the staff. It is also planned to have a representative from the Illinois Education Association meet with the teachers to discuss current legislation concerning education in the state.

Each year the staff visits one of the nearby community resources. This year the staff will visit the Manteno state hospital. Arrangements have been made by Dr. Wright thru Dr. R. J. Graff, superintendent of the state hospital.

The program also includes a question and answer session for the new teachers in order to make them feel at home in the school program.

NEW LENOX

The New Lenox Cardinal club met at the home of their leader Mrs. James McCure, Aug. 15. Forms for filling out project books were passed out and a short explanation on the method of the completion of them was given.

Jane Oram demonstrated making of bound buttons; Donna

McCollum gave a talk on cleaning the kitchen; Marilyn Zusag showed the proper way of washing the face; and Carolyn Wise demonstrated exercises to keep trim.

Janet Wise and Marilyn Zusag talked about their trip and experiences with modeling at the State fair.

Aug. 17 the girls enjoyed a trip to Chicago where they attended a Teenage fashion show at Marshall Fields store. Plans were started for the final meeting which will be a club cooking which will be held at the home of Jane Oram.

The next meeting will be held Wednesday, Sept. 4.

The Evening Circle of the Methodist church will resume their meetings Aug. 27 after a summer vacation. It will be held in the church. They will discuss plans for the coming year.

Five New Lenox girls and boys who passed the Junior Red Cross Life Saving course in the two classes given this past month were: Dale Anderson, who was a member of the first class; and Joanell Roberson, Kathy Berlin, Mary Jane Donaldson and Kent Engel, who were members of the second class.

Miss Margaret Campbell returned home over the weekend from Big Sand Lake at Webster Wis., where she enjoyed a weeks vacation with relatives.

Mr. and Mrs. John Novak and children Donna and John of Reading, Pa., are vacationing here this week with his mother Mrs. Joseph Novak, Sr.

There will be an emergency meeting of the New Lenox Unit of Home Bureau next Friday, Aug. 23 at 2 pm. at the home of Miss Caroline Bentley. Election of officers for the coming year will be held.

**CHRISTIAN SCIENCE
CHURCHES**

The wisdom of basing thought
on constructive, perfect, spiri-
tual models will be emphasized
at Christian Science services
Sunday, August 25.

Keynoting the Lesson-Sermon
entitled "Mind" is the Golden
Text from Romans (11:33): "O
the depth of the riches both of
the wisdom and knowledge of
God! how unsearchable are his
judgements, and his ways past
finding out!"

Selections to be read from
"Science and Health with Key
to the Scriptures" by Mary Bak-
er Eddy include the following
(248:26-29): "We must form per-
fect models in thought and look
at them continually, or we shall
never carve them out in grand
and noble lives."

Scriptural readings include the
following (Philippians 3:15):
"Let us therefore, as many as
be perfect, be thus minded; and
if in any thing ye be otherwise
minded, God shall reveal even
this unto you."

FRANKFORT
Mrs. Katharine Heisner
Frankfort 5187

Switzerland, Italy and France.
Their son George who is station-
ed at Munich, Germany had a
furlough of 2½ weeks, which
was spent with him and his
wife. The entire trip was much
enjoyed. They returned on the
Queen Elizabeth, making the
ocean crossing in five days,
during which trip they saw
icebergs.

Mr. and Mrs. Clyde Reils and
family attended the Reils fam-
ily reunion Sunday at the Kan-
kakee state park.

Dr. and Mrs. W. V. Hedges
and Mr. and Mrs. Richard

Claims Enforcement of Present Laws Will Cure Zoning Troubles

(CNS) A state's attorney's staff knowing its zoning onions—not enactment of a temporary "stop-gap" law—is the answer for more orderly building activity in Cook county.

So says the county zoning board of appeals in a 13-page report urging defeat of proposed zoning amendments before the county board.

Those favoring the amendments want to halt the practice of some landowners bypassing all governmental agencies and going straight to court for a declaratory judgment to build what they want no matter how

their property is zoned.

Amendments aren't needed to stop this, the zoning board said, in view of a recent Illinois supreme court decision. The high court held that property owners first must apply for a zoning board hearing before seeking court relief.

"Most of the difficulties that have arisen in the past in connection with judicial proceedings have resulted from the fact that the county has not been afforded by the state's attorney's office competent, able and zealous representation to support the views of the zoning

authorities," said the board's report.

Depend on Testimony

Don't blame the courts, the report said in effect, because under law a judge must make a decision only from testimony presented.

It pointed out in many zoning lawsuits neighboring property owners weren't aware the case was in court because no one told them.

The board was eventually notified of lawsuits challenging how a piece of land was zoned.

Pulling no punches in a long statement, the board said:

"If the new state's attorney will make competent, able counsel available to represent the county in court cases—preferably, as we have so often pointed out, by counsel specializing in the zoning field—and there is marshaled and civic and municipal bodies which can afford help in presenting the testimony that in many cases is available, the overwhelming majority of the cases will be won instead of lost."

The proposed zoning amendments were drafted by Harry F. Chaddick, whose planning firm recently overhauled Chicago's zoning ordinance.

Chaddick has urged—as a stop-gap plan to halt land abuses and protecting neighboring property values—that 19 ways of making a living from a piece of land be listed in a new section called "special uses."

Controversial Uses

Many of the uses are controversial in that many people do not want such enterprises in their neighborhood.

Under the special use category, Chaddick would include outdoor theaters, motels, trailer parks, shopping centers, garbage dumps, glue factories, radio and TV towers, and cemeteries.

Also, penal and other institutions, stadiums and race tracks, sewage disposal plants, garbage incinerators, large parking lots for trucks and buses, heavy industrial and manufacturing plants, and airports.

Public hearings would be mandatory. The special use rule would restrict an applicant to what he said he wanted to construct, if the zoning petition were approved.

Under the present code, a man say owns a section of land zon-

ed farmland, tells the zoning board he wants to construct a store and has the property rezoned as a business district.

Once this happens, anything permitted in a business zone, including a house trailer camp, can be put on that property. This doesn't sit too well with many home owners, especially in areas where school facilities already are overcrowded.

However, the zoning amendments have "more drawbacks than virtues," the zoning board said.

Commissioner Often Slow

It said rezoning applicants frequently volunteer to execute a covenant running with the land stating that the property for a specified period of years will not be used for a specified objectionable use or uses." The board said this "has worked satisfactorily over the years" and offers a better method of controlling the use of property than the proposed amendment.

The report also urged the county commissioners act on rezoning petitions within 60 to 90 days after the zoning board has filed its recommendation.

Commissioners in some cases have deferred petitions for several months and sometimes more than a year.

"This, we sincerely feel, is an unfortunate situation and, in a real sense, tends to undermine the effectiveness of good county zoning procedures and administration that have grown up over the years," the report said.

URNS CALENDAR—

(Continued from page 1)

in the second divisions and had anyone said at that time—without smiling—that any New York ball club—including Brooklyn—would be looking for a home on the West coast in 40 years, he would have been measured for a straitjacket. . . .

August, 1917—automobiles were plentiful and fairly reasonable as to price, even with 1917 wages—A Ford touring car sold for \$360 at the factory and a sedan for \$645—the cheapest Ford was a runabout—\$345—starters were extra and windshield wipers manually operated—Hudsons ranged from \$1,650 to \$3,025—the Dodge from \$835 to \$1,265—the Kissel came with a double six engine for \$2,250 and a Cadillac was available for \$2,950, all prices F.O.B. at the place of manufacture.—

Sunday dinner in a first class hotel, with soup, a fish course, chicken or prime rib roast, potatoes, vegetables, a salad, dessert and coffee could be had for a dollar—ready made men's suits for fall or winter were selling from \$30 down while Palm Beach and summer suits were priced from \$7.50 to \$15.—

Ragtime provided the rhythm for the two step and besides the war songs, "Over There," "Tipperary," "There's A Long, Long Trail," "The Rose of No-Man's Land,"—people were singing, "Poor Butterfly," "They Wouldn't Believe Me," "Just A Wearyin' For You," "Waltz Me Around Again, Willie—around, around, around, the music is dreamy, it's peaches and creamy—" and all of the close harmony tunes beloved of quartets and still sung—in fact many of the pieces played and the song sung in 1917 break out from time to time on the hit lists of today—

The paper carried a few stories of automobile accidents in 1917 but there were few deaths as a result of collisions—the speed was less and the cars were built heavier and with more care and interest by the men who built them.—

Movies used the war for a theme and the Ziegfeld Follies and the revues touched upon it too—Ann Pennington, a dancer and one of the host of stars of the Follies, was appearing on the screen in "The Little Soldier"—others in films showing in these parts included Blanche Sweet, sultry Valeska Suratt, Marjorie Rambeau, Pauline Frederick, Evelyn Nesbitt for whom Harry K. Thaw pistolled Stanford White—a handy man with a pistol was Harry, too handy—There are World War I Vets who had leave at Aix les Bains who remember seeing the painting hanging in the American bar there—following the best traditions of saloon art the figure in the painting was a gal and nude.—There was a bullet hole in her brisket for all to read and ponder—according to the saloon help the bullet hole was a souvenir of a visit by Mr. Thaw accompanied by his pistol—apparently Harry was a man given to acting on impulse and of the male stars that appeared on the screen in 1917 the one that sent the then equivalent booby soxers into ecstasy was Wally Reid—later he was to break their hearts when it was discovered that he was victim of narcotics—Chantanques were still a favorite form of entertainments and on the stage were Maude Adams, the Barrymores, Will Rogers, Eddie Cantor, George M. Cohan and practically doing a solo job Elsie Janis entertained the troops.

War and war work occupied much of the news columns, but in August of 1917 America wasn't involved in the fighting yet and casualty lists were vet to come—but draft drawings were made and the numbers carried in long columns—there were many names in them from this area. The Red Cross was enrolling members and in Will county the township of New Lenox won first place in the membership campaign—31 or 20 per cent of the population signed up. The collapse of Russia was momentarily expected and in Washington the suffragettes were clamoring loudly for the vote—Congress had passed a \$2-billion appropriation bill to met war expenses and some senators were chiding their colleagues for being so unrealistic

WILL ADDRESS BEGINNING TEACHERS—Mrs. Mildred Foster, head of the department of home economics at Lincoln-Way high school and formerly employed by the state as an expert in textiles and design, will address beginning teachers today at Normal university. Her subject is "Now Is The Time," in which she urges those to begin careers in teaching home economics to take stock of themselves and their aims and objectives as teachers.

Mrs. Foster, who will begin her second year at Lincoln-Way this fall, just recently returned from a conclave of Kappa Omicron Phi, a fraternity in the field of home economics, held at Huntington, W. Va. She was elected editor of the fraternity's magazine on Home Economics, a national publication.

and not being honest with the public—it would cost the U. S. at least \$11 or possibly \$13-billion, they said—at that time the rest of the world didn't know that all they had to do was ask—of the U. S.—and they would receive—from the U. S.—How naive we were then—the people thought—even congress thought that the funds we advanced to the allies were loans and would be repaid—the only country who has ever paid what it borrowed from the United States—in modern times at least—has been Finland.

The submarine was the vicious weapon of the war—the submarine and gas—and only Billy Mitchell was convinced that the airplane would become a dominant force in man's efforts to wipe out his fellows—The income tax was bringing in barrels of money—Its newness, perhaps, caused it to smart but as yet it did not hurt—Congressmen laughed when it was suggested that a permanent ceiling of 10% be placed on the income tax—"What fools did they expect would ever be in Congress that would impose an income tax of 10%—why, if the tax ever got that high the people would revolt....."

Prohibition was on its way in but few persons gave it much thought—the consensus of opinion seemed to be that prohibition was more of a war measure than anything else, to save the grains for food. The subject only called for a paragraph and a 12 point head in the papers in August of 1917—It said there would be a vote in Congress in December—Prohibition was to bring one of the country's wildest decades—send our moral standards tottering and produce a flock of millionaire hoodlums and racketeers who are still on our backs—But in 1917 prohibition was something vague and nothing to become excited about—The comedians in vaudeville hadn't even started to make jokes about it yet.....

Shoes were \$6 a pair but, if one watched the sales they could be had for \$1.50 and \$2. Porterhouse steak was advertised for from 20 to 34 cents a pound, round steak was 20 to 28 cents, pork chops 25 to 30 cents, choice pork loin 27-28 and 26 cents a pound for ham. The eggs to go with it were 20-25 cents a dozen. Doctors hadn't realized yet the values of liver and the stuff brought anywhere from a nickel to 15 cents a pound, spinach hadn't had the build up either and was offered at 25 cents a peck—potatoes were \$1.35 a bushel, head lettuce was six cents a head, cantaloupes were 10 cents and the largest watermelons .75Corn was \$2.20 on the cash grain market and International Harvester stock was quoted at around 112, General Motors 114 and A. T. and T. at 117.

The automatic phonograph was on the market but radio,

television, automatic electric washers, driers and all of the rest of the pack of appliances were yet to come. But don't think of 1917 as a backward, old fashioned time. In fact, it was as modern as today with second mortgages, no money down and easy payments. The only difference between then and now is there are more gimmicks—to kite the carrying charges but then that should be expected—we are now jet propelled.

Tinley Man Wins 2 Prizes in Shell Oil Co. Sweepstakes

The all star sweepstakes contest, which was open to all direct dealers, and Shell jobber dealers, that has been running for the past year has concluded. The contest was judged on a point system, for volume sale of Shell gas, oil and specialties. Also personnel appearance, and cleanliness of station.

John A. Lehmann, owner of the Shell Oil station at 167th and Oak Park ave., Tinley Park was the winner of two of the awards, a Revere camera, and a Westinghouse portable radio.

No. Am. Mushroom Company Holds Annual Picnic

The North American Mushroom Co. held its 3rd annual picnic Sunday, Aug. 18 at the Indiana Dunes state park.

A bus was chartered by North American for the safety and convenience of the employees and their families. It left Tinley Park at 8 am. and returned at 8 pm. Games, swimming and an abundance of food was enjoyed.

William LaHue was presented a watch for 15 years of faithful service. The presentation was made by Mrs. Joseph Magiera.

School Voters Must Be Sworn In at Polls

Voters in school elections have not been required to register nor need they be registered now but under a section added to the School Code by the last session of the legislature, all persons who desire to vote in school elections hereafter must sign an affidavit.

The affidavit will carry the name and address of the voter, a statement that he or she resides within the particular school district and a statement that the person desiring to vote is a qualified voter.

A form of affidavit has been prepared by N. E. Huston, assistant state superintendent of schools in charge of legal matters, and school district must supply affidavits for use at all school elections.

Apparently it will be necessary that at least one of the election judges be a notary public or other officer qualified to administer oaths.

Under the new law each voter will have to be sworn in, so to speak, before he is permitted to cast a ballot. Will County Superintendent of Schools Verne E. Crackel has sent out notices to all school boards instructing them as to the procedure.

While no explanation was given for the assembly's action it would appear that it was taken to prevent or deter repeating or other illegal forms of voting.

Supt. Crackel also notified boards that hereafter there will be no clerks of election—all of the election officials being designated as judges. The same thing is true in municipal and general elections in the state.

Under the new law it was said that saloons can keep open while school or bond elections are in progress. Heretofore, the law required saloons to close for all elections.

Traffic safety like charity, begins at home says The Illinois Division of Traffic Safety. If each of us would be sure his or her driving habits are right the rest of us could cease worrying about it.

One way of sharing the road is to dim our lights so others may see advises the Illinois Division of Traffic Safety. Many otherwise courteous drivers forget this.

Many of our friends have been so kind in extending good wishes and congratulations on our 40th anniversary. We are grateful.

Thru the years our primary purpose has been to serve the area and keep the people informed on the happenings in their communities, the bitter with the sweet. We shall endeavor to carry on with this service to the best of our abilities.

Members of the news and plant staffs of The Semmler Press, Inc., pictured on this page, take this occasion to thank our well-wishers and acknowledge that without their aid and cooperation we could not function.

Ada Westlund, at the Graphotype, making plates for the mailing list, with the assistance of her son, Dale.

In honor of the 40th anniversary of The Semmler Press many of its friends in business have sent congratulatory messages to mark the occasion, for which we are deeply grateful.

Dairy Show Rouses Interest In All Sections

Increased interest in the coming International Dairy show is shown in early mail receipts at show headquarters in Chicago, according to W. E. Ogilvie, show manager. The International comes off in the International Amphitheatre Oct. 9-15.

The top show of its kind in North America is over-all numbers and quality of purebred dairy cattle exhibited, the big event promises further growth this year in its 5th annual edition.

"We are also getting greatly increased numbers of inquiries from dairy farm families who plan to come in for a view of the show for the first time," Ogilvie states.

Rail, bus and airlines are offering special reduced excursion fares for groups interested in coming to the show.

Many Latin Visitors
A large delegation of more than 200 South and Central American dairy cattle breeders will travel in a group to the show, according to recent word from one of the airlines.

For persons driving into the city, a map showing simplified street routes to the Amphitheatre from highways in all directions and from Chicago's downtown area are being provided those who request it from show headquarters, Chicago 9, Ill.

Sight-seeing buses will offer half-rate tours direct from the Amphitheatre to the Chicago Loop, museums and to other major points of interest in America's second largest city.

Show Points to Efficiency
"More dairy farmers, many with grade cows, have begun to appreciate that improved dairy purebreds seen at the International are the kind of cattle that most profitably produce the most milk for every pound of feed that goes into them," the show manager commented. "The practical benefit to dairymen everywhere, and many more of them should want to see this great show-window of the dairy world."

The arena and halls of the International Amphitheatre — world's largest exposition hall — will be filled with exhibits and events of interest to both rural and city visitors during the busy 7-day schedule.

Win Honors at County Fair
The Busy Hour 4H club met
Aug. 14 at Schmuhl school,

where, with their leader Mrs. Alice Chestnut, they reviewed the activities at the county fair held Aug. 1 and 2 at Peotone. Nancy Quintenz and Betty Jane Malloy were guests at the meeting.

All the first year girls in club work who made skirts received participation ribbons. They were Barbara Taylor, Judy Owen, Sandra Kooyenga and Hansen VanBorg. Barbara Taylor, Judy Owen and Dolores Koo-

yenga also entered Oatmeal drop cookies. Barbara received a blue ribbon on the cookies; Judy, a red ribbon; and Dolores a white ribbon.

Second year girls in club work were, Carol Peterson, who received a red ribbon on her dress and a white ribbon on her Brownies; Carolyn Taylor, a white ribbon for her Brownies; and a red ribbon for Biscuits; Millicent Halik, a blue ribbon for Oatmeal drop cookies, and a red ribbon for Brownies.

Four year girls in club work were Jean Smith, who received three blue ribbons, one on each of her entries, a dress, table covering, and yeast bread.

Joyce Smith received a blue ribbon on her dress, red ribbon on her flower arrangements, and red ribbon on pastries. Do-

lores Kooyenga and Shirley Herr did not enter their sewing projects.

The girls worked on their annual records. Plans were made for local Achievement night which will be held at the Schmuhl school Aug. 28, at 7:30 p.m. All parents, friends and neighbors are invited to attend. Refreshments will be served. Plans were also made to tour the American Institute of Laundry, date to be announced.

Mr. and Mrs. Ronald Crisman and children Jeffrey and Candy, and Miss Marie Robinson have returned from a week's vacation spent at Gatlinburg, Tenn., a resort at the foot of the Smoky mountains.

Guests of Mr. and Mrs. Harold Wollenhaupt and family Sunday were Mr. and Mrs. Frank Herbert of Matteson, and Mr. and Mrs. Mark Glixon of Chicago.

Dr. Ralph Wright and sons Steve and Jeff attended the State fair at Springfield last Friday.

Mrs. Ronald Crisman will open her Kindergarten class again this year in her home on West Circle drive, starting Monday, Sept. 16. Classes will be held Monday, Tuesday, Thursday and Friday, four days a week from 9 until 11:30 a.m. Anyone interested with children of Kindergarten age can call Mrs. Crisman at 5328.

Mr. and Mrs. Leonard Konkel and children have returned from a three weeks vacation trip to Montreal, Canada where they spent two weeks, and spent one week in Boston. Before returning home they visited Niagara Falls.

Cub Scout den 1 of pack 41 met Saturday at the home of their den mother Mrs. Richard Pokorny with Mrs. J. M. Cortright assisting. The boys finished work on their wishing wells they had been making, in keeping with their theme for the month, and made plans for their pack meeting to be held August 27.

Mr. and Mrs. Frank Benedict and son Danny of Joliet were supper guests Thursday night of Mr. and Mrs. Richard Pokorny and family.

Mr. and Mrs. John Novak and family from Reading, Pa., visited here this week with his sister, Mr. and Mrs. Marcel Halik and family.

Mrs. Vernon Newsome and Mrs. Lee Keller entertained Wednesday evening Aug. 14 a stork shower honoring Mrs. Earl Sulzberger, in the Newsome home. Novel games were played and prizes were awarded to Mrs. Robert Sulzberger, and Mrs. Vernon Jaskula. Many lovely baby gifts were presented to the guest of honor, after which refreshments were served by the hostesses. Decorations were carried out in the color scheme of pink and white.

Guests at the party were, Mrs. James McNamara of Lockport, Mrs. Robert Sulzberger, Mokena; Mrs. Ray Baker, Sr. Mrs. Robert Lundberg, and Mrs. David Hertke and Mrs. David Baker, Joliet; Mrs. Ray Baker, Mrs. Harold Wollenhaupt, Mrs. Vernon Jaskula, Mrs. Ralph Oldt, and Mrs. Edwin Woodcock of New Lenox.

Business and Finance

MAURICE P. ANGLAND
One of the best magazines on current business affairs is The U. S. News and World Report. In the August 16, 1957 issue the magazine has sought the investment opinions of a fairly large group of the leaders in the investment field and combined their comments into its leading article titled "How to Handle Your Money Now."

The article quotes investment advice from 14 of the country's best known authorities on investments. Ten of the 14 are investment counselors, making a business of advising investors. Two are economic consultants to business, one is trust officer of a large bank and one a research chief of a leading investment firm.

In answer to the question as to whether the stock market at the present levels, is too high and possibly dangerously so, most of those questioned, replied they did not believe there would be any drastic decline from these levels. Most of the comments seemed to indicate that they believed the "creeping erosion" of purchasing power of the dollar will continue.

Fears Inflation
The fact that the Federal Reserve Bank has increased its discount rate indicates clearly that this central bank fears further inflation rather than deflation. If the Federal Reserve Board anticipated lessening of business activity, they would, at worst have left the discount rate at its previous level or reduced it to stimulate business through lower interest rates and "easier" against a tight money policy.

Of course history indicates that this erosion of purchasing

power of the monetary unit has been going on since the first use of a monetary unit. The only periods of reversal of this trend are in periods which we call recessions and these are usually of short duration.

Not Everyone an Expert
The average voter is not an economist or expert in monetary affairs. He is uninterested in such subjects except in so far as his own living standard is concerned. It is obvious that anyone aspiring to political office, must keep this in mind regardless of his own training and education. Any other attitude would be political suicide. The best they can hope to achieve is to keep the annual erosion down to a minimum figure of say three per cent per year. During the past fifteen years this figure has been exceeded several times. Anyone attempting to save capital, does not intend to save dollars as a bookkeeping symbol, but is rather hoping to save purchasing power equal to that time when the savings were made. The purchasing power of insurance policies now maturing after ten or twenty years, is a real shock.

The experts queried in the U. S. News and World Report advise purchase of common stocks of firms with "growth" aspects. It is naturally assumed these stocks will at least compensate for this dollar erosion.

They largely advise purchase of those common stocks in strong rather than speculative situations.

They also point out that the small investor with ideas for a regular savings plan, can best achieve this end thru Mutual Funds which usually choose their holdings from the best of American Corporations.

Tuesday, Sept. 3 will be the opening day of the 1957-58 school year at the Maun school. The school board wishes to remind parents that first graders, to be eligible for enrollment, as required by school law, must be six years old by Dec. 1; that birth certificates of first graders should be brought to school on opening day; that physical examinations are required of first and fifth grade students and reports of these examinations should be brought to school on opening day.

School will be in session a full day, Sept. 3.

Local Family Attend A

80th Birthday Party
The spacious and lovely grounds of Mr. and Mrs. Ralph Dehn, Palatine, were the scene of a family gathering honoring her mother Mrs. Augusta Zigan and her 80th birthday, Sunday, Aug. 11.

Following greetings and demonstrations of affection for the honored guest, family members enjoyed various activities. Some gathered in groups about tables, that were scattered around the shaded lawn, to reminisce and catch up on family events. Some played croquet and some pitched horseshoes. In the center of all stood a smorgasbord table and off one side were containers where iced refreshments could be had at any time.

Mrs. Zigan was dainty in a pink and white striped taylored dress. Her corsage was a pink carnation surrounded by tiny red roses. By her side throughout the day, was her sister, Mrs. Gust Mrosek, Sr. 76, of Chicago. Mrs. Zigan is the mother of three children. She has 6 grandchildren and 8 great grandchildren.

Late in the afternoon, with the enormous, beautifully decorated pink and white birthday cake tilted so the eighty would show, Mrs. Zigan with her sister at her side, posed for pictures, following which guests sang "Happy Birthday" and without pausing went on to sing "I hope you live to be a hundred" to the rollicking tune of "The Battle Hymn of the Republic."

Present were: A daughter and her family, the Ralph Dehns, of Palatine; grand daughters, 8 daughters of the Dehns and
